

Yes!

I'm interested in an Owens Corning™ or Thermafiber® face-to-face AIA/CES presentation with my firm on one of the following available topics:

- Asphalt Shingles, Types, Testing and Compliance
- Complete Steel Stud/Masonry Veneer Wall Systems, Performance and Specification
- Extruded vs Expanded Polystyrene, Extrusion Matters
- Fire Containment in Multi-Story Buildings (2-hour course)
- Fundamentals of Building Acoustics
- Insulating Steel Stud/Masonry Veneer Wall Systems
- NFPA 285 Exterior Wall Fire Testing, Design and Compliance
- Perimeter Fire Containment in Multi-Story Buildings, Overview and Concepts
- The Benefits of Mineral Wool As Continuous Insulation

Please fill out this form and email to ocbuildingspec@owenscorning.com and the regional AEC Services team member will contact you.
